Date: April 13, 2016	7
Date: April 20, 2016	9
Date: May 1, 2016	11

Date: March 30, 2018

Overall Project Status:

Project status is currently on track.

On track

At risk: milestones missed but date intact

High risk: at risk with a high probability of going off-track

Off-track: date will be missed if action is not taken

Milestones accomplished the week of 3/26 - 3/30:

- Domain Model
- UCD Levels 0 and 1
- Brief UCD descriptions
- Supplementary Specifications

Milestones planned this week but not achieved:

- None

Areas/questions for discussion:

- What is the difference between a group and an organization?
- What is the difference between a level 0 and level 1 UCD?
 - Based off of our research we concluded that a level 1 UCD contains the main use cases and its main includes and excludes.
- What is required to properly fill out the supplementary specifications?

Team:

Tasks Completed	Hours
Domain model	1h
UCD Level 0	1h
UCD Level 1	1h 15m
Supplementary Specifications	45m

Details

- We have only listed one team slot for this status report because all team members met as a group and completed all tasks together.

Date: April 6, 2018

Overall Project Status:

Project status is currently on track.

On track

At risk: milestones missed but date intact

High risk: at risk with a high probability of going off-track

Off-track: date will be missed if action is not taken

Milestones accomplished the week of 4/2 - 4/6:

- Updated Domain Model
- Updated UCD Levels 0 and 1
- Updated Brief UCD descriptions

Milestones planned this week but not achieved:

- None

Areas/questions for discussion:

- None

Team:

Tasks Completed	Hours
Domain model	15m
UCD Level 0	15m
UCD Level 1	1h 15m
Supplementary Specifications	0m

Details

- We have only listed one team slot for this status report because all team members met as a group and completed all tasks together.

Date: April 13, 2108

Overall Project Status:

Project is currently on track.

On track

At risk: milestones missed but date intact

High risk: at risk with a high probability of going off-track

Off-track: date will be missed if action is not taken

Milestones accomplished the week of 4/9 - 4/13:

- **Updated Deliverables**
 - **Updated Domain Model (added an Event attribute)**
- **Use Case Descriptions**
 - **Most important Use Case and <<includes>> in fully-dressed format**
 - **Other UCs in (casual and brief formats)**
- **Black box sequence diagrams (for base use cases and <<includes>>)**
- **Operation contracts**
- **Software Architecture**
- **Status Report**

Milestones planned this week but not achieved:

- **None**

Areas/questions for discussion:

- How many use cases are suppose to be in brief format and how many are suppose to be in casual format? We have gone ahead and used the main use case for our fully dressed format and split the remaining use cases between brief and casual.

Team:

Tasks Completed	Hours
Use Case Descriptions <ul style="list-style-type: none">○ Most important Use Case and <<includes>> in fully-dressed format○ Other UCs in (casual and brief formats)	2h
Black box sequence diagrams (for base use cases and <<includes>>)	30m
Operation contracts	30m
Software Architecture	1h

Details

- We have only listed one team slot for this status report because all team members met as a group and completed all tasks together.

Date: April 20, 2108

Overall Project Status:

Project is currently on track.

On track

At risk: milestones missed but date intact

High risk: at risk with a high probability of going off-track

Off-track: date will be missed if action is not taken

Milestones accomplished the week of 4/16 - 4/20:

- **Updated Deliverables**
 - **Updated Domain Model**
 - **Updated Operation Contracts**
 - **Updated Fully Dressed UCD to include Join Org.**
- **Use-case Realization**
- **Design class diagram**
- **Status Report**

Milestones planned this week but not achieved:

- None

Areas/questions for discussion:

- None

Team:

Tasks Completed	Hours
Updated Deliverables	45m
Use-case realizations	1h 15m
Design class diagrams	1h
Status Report	15m

Details

- We have only listed one team slot for this status report because all team members met as a group and completed all tasks together.

Date: May 1, 2108

Overall Project Status:

Project is complete.

On track

At risk: milestones missed but date intact

High risk: at risk with a high probability of going off-track

Off-track: date will be missed if action is not taken

Milestones accomplished the week of 4/16 - 4/20:

- **Reviewed all material for submission**

Milestones planned this week but not achieved:

- None

Areas/questions for discussion:

- None

Team:

Tasks Completed	Hours
Final Review	30m

Details

- We have only listed one team slot for this status report because all team members met as a group and completed all tasks together.
